

DEMS IN SESSION AT LEXINGTON, KY.

THE BOURBON STATES' CONVENTION CONVENES.

Overwhelming Silver Sentiment at the Meeting—Kansas Democrats Instruct Delegates to Vote For the White Metal—Populists Win in Oregon—Political News.

Lexington, Ky., June 4.—The convention was called to order at 1:42 o'clock Wednesday by Chairman Long. It was strictly a silver convention, as shown by the vote on temporary chairman. State Senator Charles J. Bronston, the free silver candidate, received 691 votes, while Judge Alexander Humphrey of Louisville, the "sound money" candidate, received but 206.

Charles R. Long, chairman of the state central committee, who called the convention together, is a staunch gold man, and made an able speech to the convention, in which he eulogized President Cleveland. This was the signal for such a hissing that the chairman could scarcely proceed, and when he said that John G. Carlisle stands before the American people as one of the purest and ablest statesmen they interrupted him more than ever.

After the temporary organization the convention adjourned at 4 o'clock to reassemble at 8 at night for the committee to get ready to report. The convention was called to order at 8:10, but the committee on credentials not being ready to report the other two committees could not report. At 10:30 the chairman announced that the committee could not report when the convention adjourned till 9 a. m. today.

The committee on resolutions completed its work last night. The majority report reaffirms democratic principles, and continues:

"We are in favor of an honest dollar, a dollar worth neither more nor less than 100 cents. We favor bimetalism, and to that end we demand the free and unlimited coinage of both gold and silver at the ratio of 16 to 1 as standard money, with equal legal-tender power, independent of the action or advice of any other nation.

"We hold that the secretary of the treasury should exercise his legal right to redeem all coin obligations in gold and silver as may be more convenient, and we are opposed to the issuance of bonds in time of peace for the maintenance of the gold reserve or for any other purpose.

"We are opposed to the national bank system and to any enlargement of its powers and opposed to any contraction of the currency by the retirement of greenbacks or otherwise."

Resolutions condemn Gov. Bradley, declare for party loyalty and instruct delegates to Chicago to cast the vote of Kentucky as a unit for Jno. C. S. Blackburn for president.

A minority report will be presented by A. J. Carroll, member of the committee from Louisville. Its financial plank reads:

"We insist upon a firm maintenance of the present legal standard of value with such use of legal tender silver coins and paper convertible into coin on demand as can be maintained without impairment or endangering the credit of the government or diminishing the purchasing or debt-paying power of the money in the hands of the people, and in the absence of an international agreement we protest against the free coinage of silver or the compulsory purchase of silver bullion by the United States as injurious to the industrial and commercial interests of the country, and especially disastrous to the interests of the farmer and the laboring man."

KANSAS STRONG FOR SILVER.

Democratic State Convention So Instructs the Delegates.

Topeka, Kan., June 4.—The democratic state convention met here Wednesday and elected delegates to the national convention.

The resolutions adopted are as follows:

"Resolved, That we commend President Cleveland for the gallant fight he has made for tariff reform; for his statesmanlike vindication of the Monroe doctrine; for his stern demand for justice and the faithful observance of treaties with Spain in defense of American citizens unjustly imprisoned in Cuba, and for his distinguished service in the interest of economical administration, and we give voice to this commendation more freely because we are compelled, in the interest of true democratic doctrine, to differ totally and radically from him on the all-absorbing question of finance; and to emphasize this difference and to declare unmistakably our unalterable conviction on the subject; and be it further

"Resolved, That we demand the free and unlimited coinage of both silver and gold at the ratio of 16 to 1, without awaiting the action of any other government or people, as we believe this country is large enough to establish and maintain its own financial system; and be it further

"Resolved, That the delegates to the Chicago convention, appointed and confirmed by this convention, are hereby instructed to faithfully carry out the foregoing coinage resolution, both in letter and spirit, and to demand and insist that said resolution, or one in all respects equivalent thereto, be incorporated in the national platform, and

that said delegates be further instructed to vote for no man for president or vice-president whose history and past public record do not give full assurance that he is in entire harmony therewith, and to vote as a unit on all questions arising in said national convention."

MAY BE A BOLT ON SILVER.

Richmond, Va., June 4.—A strong movement is now on foot here that may result in a split in the democratic ranks of the city, and it is certain that there are a large number of well-known citizens who will support a republican candidate on a "sound" money platform rather than a free-silver democrat. The feeling among the gold men against the free-silver majority is very strong, and it is thought there will be a split.

SILVER MEN ISSUE AN ADDRESS.

Call from Indiana Free-Coinage Leaders to the Rank and File.

Indianapolis, Ind., June 4.—The free silver democrats of this congressional district have established headquarters in the lieutenant-governor's parlor in the state capitol. An address was issued to the democrats of the district. It says in part:

"The condition which now presents itself to the American people is of the greatest moment to them. It is, however, such a one as can be resolved into a single question. 'Shall the government of the United States remain committed to a financial policy that has depressed our commercial activity, destroyed the markets for the farmer's products, depreciated from 25 to 50 per cent the richest farm lands of the west, made thousands of tramps out of good, worthy and industrious citizens because there was no work for willing hands to do, and has piled up colossal fortunes for the banker and bondholder by an artificial appreciation of money, or shall our government restore to the people that financial policy which brought them commercial prosperity, insured to the farmer a just compensation for the results of his toil and to the wage-earner his God-given right to earn for his family a good and honorable living?'"

The official call for the democratic state convention June 24 was issued. There will be 1,747 delegates in the convention.

OHIO SILVER MEN ORGANIZE.

Will Support Democratic Ticket if Silver Is Indorsed.

Columbus, O., June 4.—Acting under the orders of Gen. A. J. Warner, the leader of the silver forces throughout the country, Henry T. Niles of Toledo some time ago called a conference of leading silver men to be held in this city Wednesday. Under this call quite a representative gathering of silver men met and took steps looking to the formation of a distinctly silver party, in the event that both the old parties ignore the 16 to 1 ratio issue. Among the silver lights of the state who graced the occasion with their presence were Gen. Warner, Judge Oliver of Cincinnati, Judge Stark of Cleveland and Henry T. Niles of Toledo. The members present agreed that if the Chicago convention indorsed silver all the silver men in the country would support the ticket named there. Benjamin Butterworth, named as one of the delegates, is the distinguished ex-congressman and republican orator and leader in the state. To Gen. Warner he stated that in the event of McKinley's nomination he would take the stump against him in this state.

SWEPT BY POPULISTS.

Silver Sentiment Gives Oregon to the Third Party.

Portland, Ore., June 4.—Returns are now sufficiently complete to show that both congressmen from Oregon will be populists. Figures are still incomplete on judge of the supreme court, but the republicans seem to have carried the state by about 4,200. The vote on this office, however, is in no sense a test, as the republican candidate was personally very popular and no effort was made to defeat him.

The cry everywhere was free silver, and the people appear to have reached the conclusion that the surest way to get it was by voting the populist ticket. The results were surprising in all the counties along the Pacific coast.

In this city Pennoyer, populist, is chosen mayor by 1,600. He has struck a popular chord by announcing that he will accept but half of the salary allowed the mayor. The present salary is \$5,000. The impression here tonight is that the state will certainly go for the populist candidate for president in November.

MOST HAVE AN EQUAL CHANCE.

Omaha, Neb., June 4.—The Nebraska supreme court has rendered a decision in the litigation growing out of the split of the democratic party of the state two years ago over silver. 10th elements held conventions and state officials of the silver party brought suit to force the secretary of state to certify that it was the only democratic party of the state. The court declares it is not within the province of the secretary to determine such a question, and that in such cases both elements must have equal chance.

IN THE TENTH INDIANA DISTRICT.

Michigan City, Ind., June 4.—The Tenth district republican convention meets here today. Figures at hand indicate that Crumpacker men will capture the organization and also control the committee on credentials.

HANGED IN EFFIGY BY THE PEOPLE

ST. LOUIS CITIZENS DISGUSTED WITH THEIR MAYOR.

Head of the City Administration Vigorously Condemned—Toppling Walls Threaten Loss of Life—Peoria Donates Money for Tornado Sufferers at East St. Louis.

St. Louis, Mo., June 4.—Mayor Walbridge was hanged in effigy about 12:30 Wednesday morning by a crowd of citizens who were indignant over his action in refusing outside aid for St. Louis. The same crowd passed resolutions denouncing him fiercely, vindictively attacking his personal character and imputing the unworthiest possible motives to everything he had done since the tornado. The effigy hung till 1 o'clock, when a policeman climbed up and cut the rope, letting it fall to the ground.

Toppling walls in many portions of the storm district still threaten lives of all who come within their shadows, but as yet no attempt has been made to guard against fatalities and no ropes have been strung around the death traps, and thus far no city laborers have been discovered searching for the bodies of those who perished in many of the ruins. It is thought that there are corpses beneath the Seventh and Rutger pile of wreckage, under the Refrigerator and Wooden Gutter company's establishment, 1200 South Second, and the city hospital ruin, Fifteenth and Lafayette streets.

A field glass would fail to discover any trace of city relief crews. The police say the fire department should do the work. Chief Swingley, of the fire department, says it is plainly the street department's duty. The street department officials say all their men are working cleaning up the streets. Meanwhile life is in danger, the dead are under the ruins, the poor are crying for relief and the city officials are supine.

Cuspidors and chairs were overturned, and threats and bad language filled the assembly-room of the house of delegates at the meeting in the city hall this afternoon. The row was precipitated by the discussion over the bill authorizing an appropriation of \$100,000 of the public funds for the tornado sufferers. The minority wanted action deferred until an accurate estimate of the loss could be made by the skilled experts now at work in the ruined district. The majority was determined, however, to "railroad" the measure through the house, and its opponents made a break for the doors. Speaker Kelley ordered the sergeant-at-arms to lock the doors, and not let any one out until a vote was had. The crowd on the outside tried to break down the doors, and all sorts of disorder prevailed. After quiet was restored a vote was taken, and the bill passed by a decided majority.

AID FOR ST. LOUIS.

National Brewers' Aid Association Appropriates \$50,000.

Philadelphia, Pa., June 4.—The National Brewers' association voted to contribute \$50,000 toward the alleviation of the St. Louis storm sufferers. Los Angeles, Cal., June 4.—The Manufacturers' association unanimously adopted a resolution expressing sympathy for St. Louis and East St. Louis and offering to join in giving financial aid to the cyclone sufferers of the two cities.

Greenville, Ill., June 4.—Mayor Seaman caused a subscription list to be circulated, and over \$200 was raised by the citizens of Greenville for the relief of the distressed at East St. Louis.

Terre Haute, Ind., June 4.—The city council has appropriated \$100 to the East St. Louis cyclone sufferers. Peoria, Ill., June 4.—A mass-meeting of citizens was held at the city hall and \$600 was raised for the suffering citizens of East St. Louis, New Baden and other towns in the southern part of the state.

WILL MEET AT ROCK ISLAND, ILL.

Xenia, Ohio, June 4.—At the United Presbyterian general assembly the report of the committee on education was accepted, showing students in attendance at theological seminaries, 143; enrolled in colleges, 1,142; the productive endowment of seminaries, \$291,800; of colleges, \$352,000; total, \$644,400, an increase of \$11,400 during the year. The board asks for appropriations of \$12,000 for the regular work and \$20,000 to the special educational fund. The matter of co-operation with the Presbyterians in home missionary work was defeated. During the afternoon the place for the next meeting of the assembly was fixed for Rock Island, Ill.

VETERANS GET ONE CENT A MILE.

Indianapolis, Ind., June 4.—Commander-in-Chief Walker of the G. A. R. and Adjt.-Gen. Robbins have received a message from F. C. Donald, chairman of the Central Passenger association, announcing that a rate of 1 cent a mile east of Chicago has been granted on account of the national encampment at St. Paul.

FIRE AT MINNEAPOLIS.

Minneapolis, Minn., June 4.—The Edison building, one of the highest and best buildings in the city, adjoining the Lumber exchange in Hennepin avenue, burned last night. It was supposed to be fireproof. Several newspaper and printing establishments were in the building. Five stories were destroyed.

SENATE AND HOUSE ARE BOTH IN LINE

RIVERS AND HARBORS BILL NOW A LAW.

President's Veto Is Upset—Senator Vest Claims the Appropriations Made Are Not Extravagant—House Making Preparations For Early Adjournment.

Washington, June 4.—The senate passed the river and harbor bill over the president's veto by the vote of 56 to 5. This was the last step in making the bill effective and it is now a law. The vote was taken after three hours of spirited debate, during which the president was criticised and defended, the remarks at times being directly and bitterly personal. The opposition to the veto was expressed by Senators Vest, Sherman, Pettigrew, Hawley and Butler, while the veto was defended by Senators Vilas, Hill and Bate.

The veto message was read, and Senator Vest took the floor. The senator did not question the President's veto prerogative, but the framers of the constitution never had intended that this power should be exercised in the ordinary affairs of the government. It was to be a power to meet extraordinary emergencies when popular passion had led to hasty legislation, or when a constitutional question was involved. Senator Vest then analyzed the statements of the veto concerning extravagance. The President had, he said, stated that the bill made direct appropriations of about \$14,000,000, while in fact they aggregated \$12,608,900, a difference of \$1,391,100. The senator took up other items, showing that the totals were less than the President's statements would indicate. As to the general charge of extravagance, he said that in view of the vast interests involved, the extent of the country and the fact that the river and harbor bill covered two years, this measure was comparatively reasonable.

Mr. Sherman said he would vote to pass the bill over the veto, because the improvement of the waterways of the country was one of the most important branches of national development, and one in which other great nations were showing even greater advance than the United States. Moreover, the legislative branch was given the exclusive right to appropriate money. "It is time to curb this daily exercise of the veto power," declared Mr. Sherman.

Mr. Smith (dem. N. J.) said this discussion of the veto power was not new. As a result of personal inquiry at the engineer department he was able to state that this bill contained appropriations of \$10,500,000 for projects which had not been approved by the government engineers, and \$1,500,000 for projects which the engineers reported as unworthy.

Mr. Vilas (dem. Wis.) said that the bill contained important appropriations for his state, but he could not bring himself to the conviction that this great burden should be added to the people of the country. Where was the money coming from? asked Mr. Vilas. Was it coming from more taxation and more bonds? Because of the recklessness of expenditure he would vote to sustain the veto.

Mr. Pettigrew (rep. S. D.) in expressing the belief that the time had come for a constitutional amendment limiting the veto power, made a violent attack on the president.

Mr. Stewart (pop., Nev.) opposed the veto because he thought river and harbor improvements were meritorious.

Mr. Hill upheld the veto power, declaring that the fine distinctions and limitations which had been stated were in the brains of Senators, but not in the constitution. Senators had quoted Jackson, but Mr. Hill reminded them that "Old Hickory" himself inaugurated the vetoing of river and harbor bills and in 1832 interposed the first veto of such a measure. In conclusion Mr. Hill offered a resolution proposing an amendment to the constitution providing that the president may veto a specified item of an appropriation bill without vetoing the entire bill.

Mr. Butler (pop., N. C.) spoke of the presidential use of patronage to influence legislation and elections. This with a veto power, made the president an autocrat more dangerous than a king of England could ever be.

This closed the speechmaking and the vote was taken, resulting in the passage of the bill over the president's veto—yeas, 56; nays, 5. Mr. Sherman endeavored to go on with the filled-cheesebill, but Mr. Vest objected.

OPPOSITION TO THE BOND BILL.

Washington, June 4.—The bill prohibiting the issue of bonds, which passed the senate Tuesday, was considered Wednesday. Representative Wheeler (dem., Ala.) moved to report the bill favorably, but no action was taken. The sentiment of the committee seemed to favor making an adverse report.

After the meeting the republican members of the committee met with other republican leaders of the house to discuss the question. The predominant sentiment was that it was desirable to dispose of the resolution without delay. It is understood that every republican member of the committee will vote for an adverse report and that Mr. Turner (Ga.) and Mr. Cobb (Mo.), democrats, will vote with them. Messrs. Wheeler (Ala.), McMillin (Tenn.), McLaurin (S. C.), Crisp

(Ga.), democrats, it is supposed, will support the resolution.

GETTING READY TO ADJOURN.

Washington, June 4.—The house Wednesday began clearing the decks for final adjournment by extending the length of the daily sessions. The house met at 11 o'clock, and sat until 6 p. m. In addition to this Mr. Dingley, the floor leader of the majority, gave notice that henceforth he should object to all leaves of absence, save such as were requested on account of sickness. The importance of keeping a quorum constantly in attendance, he explained, compelled him to take this step. A partial conference report on the general deficiency bill was agreed to, and the bill sent back to further conference.

REFUSE TO ENDORSE BUTLER BILL.

Washington, June 4.—The committee on ways and means refuses to endorse the Butler bond bill.

RAMSAY WAS A BANKRUPT.

Late Illinois State Treasurer Placed in a Bad Light.

Carlyle, Ill., June 4.—The report of Edward P. Keshner, who has been examining the books of the defunct Ramsay, say bank here, was made a matter of record Wednesday. The details of the report have created a sensation. The report shows that Ramsay was a bankrupt. The bank had a capital of \$45,000 ten years ago, but since then Carlyle's great financier enjoyed the distinction of operating a bank without capital. The depositors furnished the money and he did the rest. During fourteen years of his career as a country banker his net losses were exactly \$55,190.12. He paid out interest during the same time amounting to \$78,899.91. He borrowed in that period from outside banks \$1,000,127, paying as high a rate as 10 per cent for the same. He borrowed equally as much from other sources.

During the years of '93 and '94, during the occupancy of the state treasurer's office by Ramsay, nearly all the balances were forced. April 9, '94, the general balance was forced and continued each day up to May 5, '94, by crediting "subtraction in the cash book with above amount and charging same to individual account of R. N. Ramsay." Ramsay had an individual account in his bank, but, sad to relate, it was heavily overdrawn. This overdraft developed into a balance of \$103,000 soon after he became state treasurer.

During the month of January, 1893, at the commencement of his term, he deposited \$32,000 in the banks of Chicago and St. Louis. His net loss started to decrease at once, and all was well. He would lend money and then discount the paper at St. Louis, bring the money back and be ready for the next. Those who were favored by being loaned money through this bank during the reign of Treasurer Ramsay were ex-congressman George W. Fifthan of Newton; William Brinton, United States marshal; Senator Benjamin F. Caldwell, J. J. Kearns and others of Newton; D. L. Phelps, W. W. Veitch of Jacksonville, and O. S. Scott of Newton.

The general balance at the bank was out of line \$80,000 at the time of Ramsay's death. Ramsay and Seiter, the ex-Lebanon banker, contrary to reports, had vast dealings together. Seiter had an account with the Carlyle bank. Their transactions together during fourteen years amounted to over \$518,000. A peculiarity of their dealings was the issuance of drafts by Ramsay to persons unknown here. Although they were given on a Chicago bank, the drafts invariably came through the Lebanon money institution. The names indorsed thereon were written in a feeble hand. The outstanding claims amount to over \$35,000.

SAYS WHEAT CROP IS SHORT.

Wichita, Kas., June 4.—A. Wood Davis, the noted crop statistician, who is conceded to know more about the world's food supply than any other man in America, declares that the current reports that the world is full of wheat and that Europe will produce this year 100,000,000 bushels more wheat than in 1895 is absurd. He declined to express an opinion as to prices of wheat in the future.

HAVE HEADQUARTERS AT ALLIANCE.

Alliance, Ohio, June 4.—The national headquarters of the new political party born at Pittsburg last week have been opened in this city, with National Chairman L. B. Logan of this city, for several years state chairman of the Ohio prohibition party, and D. J. Thomas of Kentucky, national secretary, in charge. The national chairman and secretary are already hard at work pushing the organization.

BEHRING SEA TREATY RATIFIED.

Washington, June 4.—Ambassador Bayard has cabled the state department that the ratification of the Behring sea claims treaty has been exchanged in London. Nothing remains now but to promulgate the treaty, which will be done by the state department simultaneously with its promulgation in London, in a day or two.

TRIAL AT PEORIA NEARS AN END.

Peoria, Ill., June 4.—The evidence in the case of Simon Shaffer, representative of the 13th Illinois district, charged with agreeing to receive a bribe from the Peoria distillers, was concluded Wednesday. The case goes to the jury today.

RACINE BOY SLAIN BY TWO BULL DOGS

VICIOUS CANINES DO A BLOODY PIECE OF WORK.

Eight Year Old Harry Acklam Found Dead in a Field, After the Encounter, With His Ear Gone, and Body Fearfully Mangled—State Specials.

Racine, Wis., June 4.—[Special]—Harry, the eight year old son of Henry Acklam was attacked by two bull dogs in a field while picking flowers late yesterday afternoon and killed. The boy was not found until last evening. His ears were bitten off and the scalp torn from his head, while his legs, arms and body were terribly mangled.

NORWEGIAN LUTHERAN SYNOD.

LaCrosse, Wis., June 4.—The Norwegian Evangelical Lutheran synod of America commenced an eight days' session here Wednesday. It is the regular triennial convention of all the four districts constituting this church organization, having a membership of 107,000. One hundred and forty-two ministers and 150 lay delegates were present at the opening session, and many more are expected to come.

SAWYER DENIES THE RUMOR.

Oshkosh, Wis., June 4.—Ex-Senator Sawyer denies emphatically that he is a candidate for governor. He said: "I am not a candidate, and I never authorized or intimated to any one I would be."

MILLERS IN SESSION.

Meeting of the National Association at the Auditorium, Chicago.

Chicago, June 4.—The Millers' National association was called to order Wednesday at the Auditorium at 11 o'clock, President Pillsbury in the chair. The president's report was submitted, showing the association to be in good condition. Secretary Berry said the membership had been increased sixty-two since organization and that this increase meant an addition of 7,000 barrels daily to the milling capacity.

In his opening speech President Charles A. Pillsbury of Minneapolis laid especial stress upon the influence which the association has brought to bear in favor of reciprocal relations between this and foreign countries. He said the association would seek to secure from the next congress better export laws. Resolutions were passed by the convention favoring the establishment in the president's cabinet of a department of commerce and manufacture, and the promotion of the special-tariff commission.

Officers of the association are: President, Charles A. Pillsbury, Minneapolis; second vice president, George Urban, Jr., Buffalo; third vice president, F. H. Magdeburg, Milwaukee; treasurer, Charles J. Martin, Minneapolis; secretary, Frank Berry, Milwaukee. These are the members of the board of managers: C. B. Cole, Chester, Ill.; A. R. James, Buffalo, N. Y.; W. A. Coombs, Coldwater, Mich. The association will meet again in Chicago one year hence.

WISH TO RAISE \$250,000.

Movement Inaugurated for the Relief of Cyclone Sufferers.

St. Louis, Mo., June 4.—A movement has been inaugurated to raise a fund of \$250,000 or more to aid those who lost their homes in their efforts to rebuild. At the first meeting, an impromptu one held at the Noonday club, \$35,000 was contributed by prominent business men, and this will be increased. It is proposed to loan tornado sufferers money on second mortgages.

TELEPHONE RIGHT IN GREAT DEMAND

EVANSVILLE FRANCHISE IS
MUCH SOUGHT.

Representatives of the Wisconsin Company and a Local Organization Appear Before the Council—Work Of City Fathers—Graduation at Milton Junction.

Evansville, June 4.—The matter of whether or not Evansville is to have a telephone exchange, and if so, who will build and maintain it, is still a question. At the regular meeting of the common council held Tuesday evening, the superintendent of the Wisconsin Telephone Company offered to the city the advantages of that company for a franchise. A franchise was presented in the company's behalf, ordered read, and referred to a committee. At the same meeting, A. S. Baker and M. J. Fisher appeared before the council and requested that no franchise be granted to a foreign company as they proposed to organize a local company.

Mayor Evans presided at the meeting and all the aldermen were present. The minutes were read and approved. Encroachments on Fourth street were ordered removed according to the committee report thereon, and an ordinance to that effect was passed. Further time was granted in the matter of the extension of Railroad street. Committee No. 3 reported that the bridge and its surroundings on Main street were bad, and recommended that it be built southerly the full width of the street, and that the approaches be filled up. The report was adopted, and the proper committee instructed to make the repairs recommended. A sidewalk ordinance was ordered drawn, as was also an ordinance to prevent fast driving. The profile book made by the county surveyor showing the street grades, was adopted. The following claims were presented and allowed: W. R. Phillips, clerk's salary, \$25; A. H. Fessenden, work on bridge, \$1.27; Edgar Smith, coal, \$15.03; A. R. McKinney, janitor's salary, and coal, \$14.80; E. M. Richmond, city attorney fees, \$25.50; C. C. Brink, chief of police, salary, \$50. Total allowed, \$131.66. The bills of John E. Reilly, \$6.75; F. C. Young, \$13.85; and J. M. Ballard, \$20.35, were reported back to committee of the whole and referred by the chair to committee on finance.

SOME NEWS NOTES FROM MAGNOLIA

Memorial Day Exercises Were Held—George Bass Is Better.

Magnolia, June 4.—The decoration day services were a success in every way. The M. E. church was crowded. The speaking and singing were good. Rev. Sydel's remarks were appropriate and touching, and the Magnolia band very kindly supplied the music. Let everybody remember it will be better next year and come again. Little Zora Howard is quite sick. Ernest Clifford has a very sick horse. Mr. and Mrs. Mapes have a little boy sick with croup. George Barr who was thrown from a horse and badly injured about a week ago is getting better. Mrs. Lottie Edwards who was squeezed against the stone wall of a barn by a horse is getting worse, her breast bone being pressed against her lungs. It is hoped rest and medical aid will bring her out all right in time. Mr. Wallace Andrew is able to be out again. He looks pretty thin. Miss Bird Preston of Albany was in town Tuesday.

Gossip of Afton.

Afton, June 4.—Next Saturday afternoon, at 2:30 o'clock, occurs the regular monthly covenant and business meeting of the Baptist church. Next Sunday it is planned to have the sacred ordinance of baptism administered to waiting candidates. Next Sunday evening, Robert J. Eddy of Beloit, transportation leader in that city for the coming B. Y. P. U. convention at Milwaukee, will occupy the pulpit at the Baptist church and tell something of the approaching great event. The Ladies' Aid Society will meet at Lawton's hall next Friday afternoon at 1 o'clock. The Modern Woodmen, of Afton Camp, had a largely attended meeting last Friday evening at which one new candidate was adopted and picnic plans discussed. After adjournment the members repaired to Mrs. Nellie McCrea's, where ice cream and cake awaited their coming, and had an enjoyable sociable time. The camp adjourned until next Saturday evening. Miss Hattie L. Servis, of Beloit, was the guest of Miss Lois A. Waite over Sunday. Mrs. M. McCrea is no better at this writing. Her condition is considered quite serious. Superintendent David Throne delivered an address at a flag raising near Clinton last Friday afternoon.

JOHN KELLY'S GOOD TROTTER

Baron Crisp Will Be a Formidable Animal in the Detroit \$13,000 Event.

John Kelly has a world beater, it is thought, in the Baron Crisp, who won his race at Fleetwood Park New York City, yesterday. A dispatch says: "Baron Crisp, owned by James Butler, president of the Driving club of New York, proved himself to be a great trotter by winning every heat of the 2:24 race in a jog, stepping his miles in 2:16, 2:15 and 2:15. He trotted three-quarters of a mile at the rate of 2:11 in the second heat and would have kept up the clip to the finish apparently if any of the others had been fast enough to force him out. The horse is entered in the \$13,000 Merchants' and Manufacturers' stake to be trotted at Detroit next month and his performance today makes him a formidable candidate for the first honors in the richest trotting event of the year. He has been trained at Fleetwood by John Kelly of Directum fame."

THIS DAY IN HISTORY.

1782—John Edgar Howard, *editor*, famous at Cowpens, born in Baltimore county, Md., died 1837.

1802—Charles Manuel, king of Sardinia, abdicated in favor of his brother, and the liberal movement began.

1859—The French and Italians defeated the Austrians at Magenta.

1871—Telegraph communication with China was established.

1887—William Almon Wheeler, former vice president, died at Malone, Franklin county, N. Y.; born there 1819.

1894—Ex-Governor Charles Callis Van Zandt died at Berkshire, Mass.

1895—Samuel Washington Fuller, noted American artist, died at Saratoga; born 1816.

THE "FIELD" WILL NOT UNITE.

Senator Quay's recent interviews make it certain that there will be no effort made to concentrate the field against McKinley. Quay would oppose such a demonstration, and the fifty or sixty votes of his state which he commands would be cast for McKinley if anything of that kind were attempted. Perhaps they will be cast for him on that ballot in any case; though, as he knows McKinley is sure to be nominated, Quay may accept the complimentary vote of his state. Reed, Allison and Morton will probably be formally presented to the convention and they will receive the votes pledged to them on the only ballot that will be necessary. It will be a very harmonious convention as far as regards the presidency. A chance for a contest; though that will be only a slight one, will be offered in the selection of a platform, and an interesting race may be made for the vice presidency, but nothing will happen in the convention which will prevent any republican from giving immediate and hearty support to McKinley in the canvass.

SPLIT IN A SMALL PARTY.

The split in the prohibition party is of national interest, because that it is not only by far the oldest of the minor organizations of the present day, but it has lived much longer than any other "third" party which has ever figured in American politics. Its first national ticket was put up in 1872, and it has participated in every presidential campaign from that time to this. Its vote has grown steadily from the beginning. Nevertheless the party never had any influence in national politics except in 1884, when the democratic margin was so small in the decisive state of New York that the prohibitionists may have turned the scale. Very few minor parties ever split, but when it does this its days are numbered. Slavery split the Know-nothing party in 1856, as it split nearly every other party at one time and another, except the free soil and republican parties, and it never participated in another presidential election.

JUGGLERS ALL GO ONE WAY.

A democratic paper of apprehensive bent says: "McKinley's total strength in the St. Louis convention is footed up as 557. This number of actual delegates would secure his nomination. But from 160 to 200 seats are contested. If he is juggled out of this vote, where will he be? Ah, where?"

McKinley is more apt to be juggled into a hundred votes than to be juggled out of one vote. All the jugglers will be anxious to be on the winner's side.

In this country \$8,000,000,000 are in the savings bank and a like amount is covered by life insurance policies. The silver party will have a hard time to convince the multitude interested in these items that they should vote for payment in fifty cent dollars.

National Republican Convention.

For the above occasion the Northwestern line will, on June 13, 14 and 15, sell excursion tickets to St. Louis, Mo., and return at half rates—one fare for the round trip—good for return passage until June 21, 1896, inclusive. For tickets and full information apply to Agents Chicago & Northwestern Railway.

FAVOR COOPER'S BILL

The Sub-Committee Thinks That Janesville Should Have a Government Building.

The sub-committee of the house Committee on Public Buildings and Grounds has made a favorable report to the full Committee on Representative Cooper's bill providing for a public building at Janesville. However, it is still regarded as doubtful if the full committee makes reports on any of these bills to the house at this session, but if it does Janesville will be at the head.

BENEATH DEATH'S DARK CLOUD

Funeral of A. W. Parker.

The funeral of Albert Wilson Parker will be held from the house tomorrow morning at 8:15 and from the First M. E. church at 9 o'clock. Rev. R. K. Manston officiating. The remains will be taken to Whitewater for interment. The services will be in charge of the Modern Woodmen.

Had Mr. Parker lived until the nineteenth of this month, he would have been forty-two years of age. He had been sick for some weeks, but afterward got better, and was able to attend a meeting of the Woodmen a week ago. Later he became worse, and death came yesterday. He lives a wife and three children—Earl, Maud and Fred Parker—and two brothers, Byron of St. Paul and Will H. of this city. He was a member of the Woodmen, and had \$3,000 life insurance with that order.

PLAYED DETECTIVE ON HER LOVER

Janesville Girl Fainted Away When Confronted by Man's Perfidy

A Janesville girl and her mother played detective on the young lady's lover, yesterday afternoon and found him calling at a Chatham street home. She fainted when she found that her suspicions were well founded, while the young man made his escape on his bicycle.

Vote for Free Silver.

Princeton, Ill., June 4.—The democratic convention of Bureau county to select delegates to the state, congressional and senatorial conventions and to nominate county officers was held here Wednesday. The delegates were instructed to vote for Altgeld and a unit rule was adopted. The resolutions favor the coinage of silver at the ratio of 16 to 1, oppose the retirement of greenbacks and the issuing of bonds, favor a tariff for revenue only, a liberal pension policy and oppose public aid to sectarian schools.

Engineers Re-elect Chief Arthur.

Ottawa, Ont., June 4.—Grand Chief Arthur of the Brotherhood of Locomotive Engineers, in convention here, was re-elected grand chief Wednesday, defeating Haverstik of Stevens Point, Wis., the vote standing 6 for Arthur and 89 for Haverstik.

Prince of Wales' Horse Wins.

London, June 4.—The Derby was run at Epsom yesterday, and Persimmon, owned by the Prince of Wales, won it. Baron Rothschild's St. Frusquin, top-heavy favorite, was second, and Earwig third.

Altgeld Will Stump Three States.

Chicago, June 4.—It is announced that Gov. Altgeld has made preparations to stump three states, Wisconsin, Iowa and Illinois, in the coming campaign.

Know ye the man where the fit of his clothing Is emblem of where he bought his new suit? Where the rage of his rivals, the loves of their sweethearts

Now melt into madness, then bring a lawsuit? Where the fit of the coat, and the trousers and vest Are acknowledged by all to be of the best And will wear like leather when put to the test? 'Tis at BAACK'S the best clothier in town! Who rigs you out like a gentleman, not like a clown And no barrels are needed to walk thro' the town Because your clothes have given way, And your trousers are down.

FASHION'S REALIZATION.

The most perfect realization of what fashion has done for men in the clothing line is shown in our summer suits, made by Adler Bros. The purse is thought of as well.

FRANK H. BAACK.

THERE'S A BONE TO PICK

with a merchant most always when you purchase a cheap suit, but it is not so with our \$10.00 kind. They are as near perfect as possible.

EARLY SUMMER MUST-HAVE'S

It's absolutely necessary to have one, and in many cases, all, of the things we talk on in this ad.

For instance, hot weather makes the keeping of the food and eatables generally untainted—a rather hard task unless your refrigerator is in good shape. You should have one large enough to keep all the table stuff in.

THE ILLINOIS AUTOMATIC combined Refrigerator and Water Cooler is the best on the market. We handle other kinds as well and think you should see them before you buy.

Why not keep the lawn nicely cut and have it look as well as your neighbors? We can give you a good

LAWN MOWER FOR \$2.75 and have better ones for a little more money. Our stock is large.

SCREEN DOORS & WINDOWS

A great stock of them. The kind you don't have to swear about while putting them in or taking them out. You can't kick about the price they are so cheap.

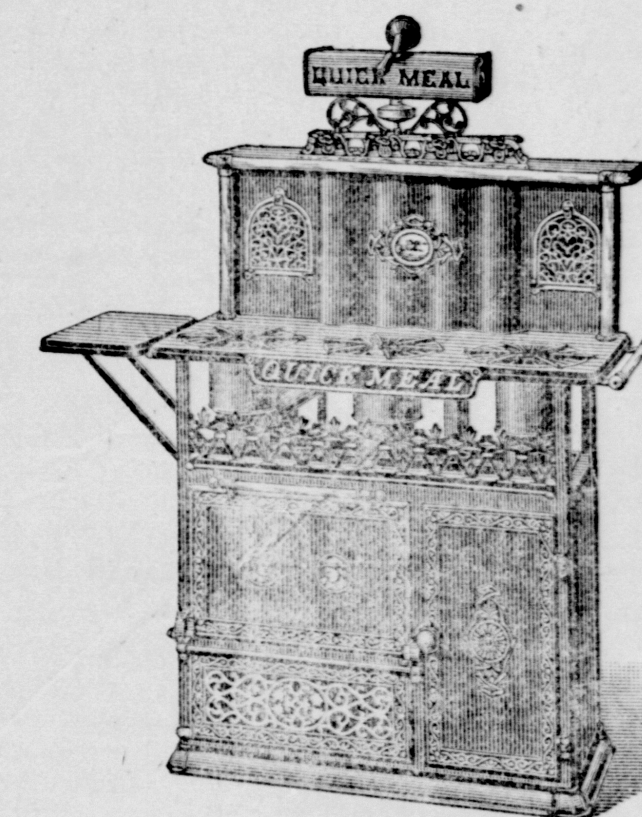

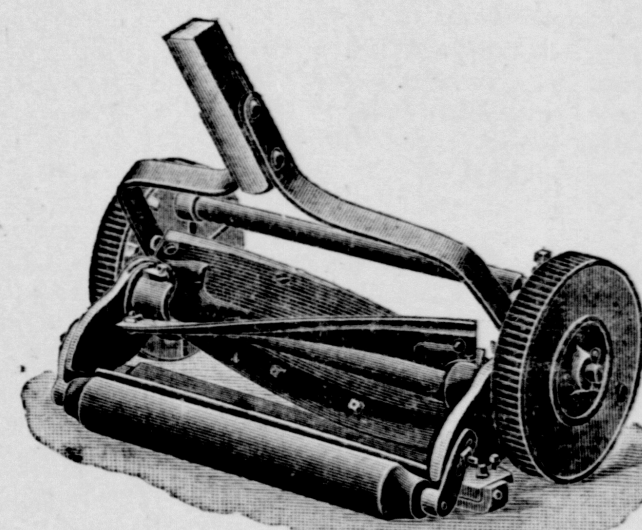

CLEVELAND SEAMLESS HOSE

No seam to leak or rot. It lasts twice as long as other Hose and is cheaper in the long run.

You can't explode.....

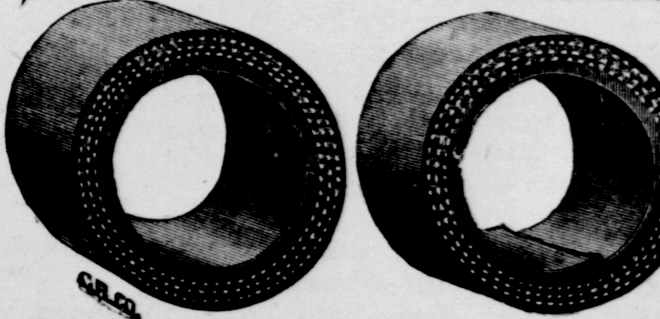

QUICKMEAL GASOLINE STOVE It's an impossibility. They cost but one cent an hour per burner to run and are the only stove for summer use. Are you acquainted with its good qualities?

Difference in Religion the Cause Of the Elopement Of the Chicago Couple—Their Parents Are Not in a Forgiving Mood, and Young People Still Here.

It was a difference in religion that kept Mr. and Mrs. Saul C. Erbstein from being wedded, and the parents are both very angry. The Chicago Chronicle of this morning tells the story as follows:

"Etta Ray McCuen left her home in Jackson boulevard Monday evening to do some marketing for her mother, but met her lover instead and this morning she will return from Janesville, the bride of Saul C. Erbstein, a lawyer with offices at 84 La Salle street. Mrs. Erbstein is eighteen years old and her husband is twenty-three. His parents were bitterly opposed to the marriage.

"Mrs. Erbstein is described by those who know her as a remarkably pretty young woman and just the style of beauty to appeal to her dark-haired husband. She is the daughter of 'Eddie' McCuen, a well-known horseman, and lived with her mother at 671 Jackson boulevard. They formerly resided on the south side and were well known in society circles. She had a host of admirers, to whom her marriage will come as a surprise. Her beauty, combined with the fact that her family is reputed to be possessed of considerable wealth, made her a general favorite. Charles McCuen her brother, is treasurer of Havlin's theater.

Husband's Parents Angry.

"Mrs. Erbstein was asked by her mother to do an errand at the nearest grocery Tuesday evening, but on the way she met her lover, and they decided that the groceries could wait. At any rate, they took a car down town and a late train on the Northwestern road carried them to Janesville. Yesterday morning Justice Richardson of the Wisconsin town performed the marriage ceremony.

"Mr. Erbstein lived with his parents at 382 South Halsted street. He was formerly assistant in County Attorney Judd's office. The first knowledge his parents had of his marriage was when a reporter for The Chronicle called at the house last night. His father has all along been opposed to his son marrying a girl of another religion, and was angry and grieved when he learned that his fears had been realized. The mother was also sorrowful, but the younger members of the family were inclined to take the matter more philosophically. Indeed, Miss Ida, a sister, seemed delighted with the romance incident to an elopement, and not altogether displeased at the prospect of a beautiful sister-in-law, even if the latter is a gentile.

Overlooked \$10,000 Once.

"The young attorney went out after dinner Tuesday evening and did not return that night, but his people thought little of it until it was found that he had not reported as usual at his office in La Salle street yesterday morning. His brother soon received a telegram saying that Saul had been called out of town on business, but would return today, and to so inform the family. Old Mr. Erbstein was not in a particularly forgiving mood last night and he could not forget at least one opportunity his son had refused to make an alliance to his parents' liking.

"He might have had a nice girl who had \$10,000, but he threw away that luck," said the father.

"Though the elopement was carried out with sudden celerity, the young people have known each other for two years, and at least one of their friends was saying last night, 'I told you so.'"

Ingersoll-Jenkins.

Beloit, Wis., June 4.—George B. Ingersoll was married last evening at the home of the bride, to Miss Theresa Jenkins, the Rev. Dr. George R. Leavitt performing the ceremony. The bridegroom is city clerk, a son of Cham. Ingersoll, publisher of The Beloit Free Press. He is a graduate from Beloit college and the law department of the Wisconsin university. The bride is an eastern lady.

THE TOOTH TINKERS
WANT TO PLAY BALLCHALLENGE THE PHYSICIANS
TO MEET THEM.

They Say That the Sawbones Are Suffering From a Cranial Enlargement That Must Be Reduced on the Diamond—Good Game Tomorrow Afternoon.

When Greek meets Greek, according to an ancient Monterey maxim, then comes the tug of war.

When the tooth carpenters and the saw bones meet, to use two copyrighted names, then comes—but you can't tell in advance.

If, however, the latter have the "sand" that the former allow that they have, we shall see.

The tooth carpenters say they have noticed the haughty bearing of the M. D.'s.—when they see a small boy's game in a back alley—and the sight of the self confident air of the physicians has caused the hearts of the molar manipulators to pulsate until they fear that they will have to call on their professional brethren for relief.

But they don't want digitalis.

Oh, no!

They want action—satisfaction.

And they vow they'll get it.

A consultation was held this morning, and ways and means were discussed. Boxing gloves, golf sticks, and other weapons and devices were suggested. Finally one dentist suggested that the test be made on the green, at the great American game.

And They Want To Gambol Thereon.

Don't be wicked now, and think that means draw poker, for it doesn't. It means base ball. They appointed committees to arrange for funerals, etc., and then sent two delegates to The Gazette office to get def printed. The purpose of the document seems to be to aggravate the physicians until they find a counter irritant necessary, and that, athletically speaking, in this town, must be either a bicycle meet, a trotting race or a base ball game.

The production of the incisior improvers reads as follows:

To the Sawbones—We, the tooth carpenters of the city of Janesville, in convention assembled, and believing that all men are born free and equal, and some other things, do hereby certify that among the "other things" which we believe to exist, is a certain cranial enlargement on the part of the sawbones, concerning the game of ball.

Therefore, think we, that the M. D.'s. require to be taken down a peg or two, and that the D. D.'s. are the boys who can do the trick. So we hereby challenge the practicing M. D.'s. of the city of Janesville to a game of ball.

If they think well enough of this to accept, we would ask them to name the day of combat. Signed, THE DENTISTS.

The Gazette assumes no responsibility in this matter.

Not much.

The St. Louis cyclone was bad enough.

But tooth carpenters versus sawbones!

Good Game Tomorrow.

A good game of base ball will be played between the first nine of Beloit College and the Y. M. C. A. team, tomorrow afternoon at Athletic park.

This will be the best game of the season, as the Beloit boys have won every game but one that they have played this year, and are world beaters. The local nine will try and make it interesting for them, however. The game will not be called until 4:15 o'clock, as the visitors do not get here in time to begin earlier. Ladies will be charged ten cents admission, and gentlemen twenty-five cents.

The Y. M. C. A. nine beat the Business men yesterday. Little things, like base hits, errors, and home runs were not counted, so the score was like this: Y. M. C. A. 2 3 4 3 0 3 0 1 1—17 Business Men 2 0 2 0 0 0 0 0—4

FIELD DAY SERVICE
IS NOW UNDER WAYSESSION BEGINS AT THE CON-
GREGATIONAL CHURCH.

Missionary Workers Are In Charge Of the Meetings and the Public Is Invited—To Raise Money For the Work—The Jubilee Of the Association.

This was "field day" at the Congregational church. Not the kind of "field day" that colleges hold, but the field day of the American Missionary Association. The exercises began this afternoon. Secretary Joseph E. Roy of New York was expected to be present, together with Rev. W. G. Olinger, of Williamsburg, Va., Rev. Spencer Snell of Talladega, Ala., born a slave, and Miss Dora B. Dodge, who has been missionary to the Indians at Remington Station, S. D.

The Association works among the Negroes, Mountain Whites, Indians, and Chinese within our borders, and is now celebrating its fiftieth year of successful work. An effort is now being made to secure a Jubilee Fund of \$100,000, offered in shares of \$50 each.

The society was organized in 1846 and this jubilee year is marked throughout the country by meetings similar to the ones to be held here. Delegations from six neighboring towns were expected and the meeting was called to order at 2:30 o'clock. A basket luncheon will be served at 6 o'clock and the meeting this evening will begin at 7:30. The public is invited.

IN SELECTING
A KODAK:.....

We can only advise you to look over the various styles and study their descriptions carefully. Whether you choose a Kodak, a Kodet, a Bullet, or a Bais-Eye, you will get your money's worth, but which instrument will best suit you you must judge for yourself.

It is obvious that for the finest work, where a tripod is to be largely used, the Folding Kodaks are best and that one of the smaller instruments is most convenient for a bicycle journey, while a No. 3 or No. 4 Kodak is especially desirable for the ordinary tourist.

HOUSE-HUNTING.

It Is Now a Profession—The Fee Is Small.

"Why don't you get a house-hunter to help you?" The landlady said this, according to the Buffalo Express. "A what?" exclaimed Mr. and Mrs. Jamison both at once. "House-hunter." "Why, I never heard of one," said Mr. Jamison. "What are they?" asked Mrs. Jamison. "Why, a house-hunter is one who hunts houses," explained the landlady. "You go to one and tell her what you want and she does the rest. There is a house-hunter who lives up in Prospect avenue. If you go and tell her what you want she or her son will go with you and get you just the very kind of a house you want. All you have to do is to tell her the location in which you desire the house, about the kind of a house you want, and how much you want to pay. They seem to have the whole city right at command and no sooner do you tell what you want than there it is, all fitted out ready to move into. I always get her to hunt houses for me when I want to move. You will pay her \$1 and then she gets a commission from the other end as well. She has a sort of understanding with all of the real estate dealers in the city. Sometimes she gets \$2 and sometimes as high as \$10 from the dealer, according to the drive and kind of a house. She told me all about it one day. When her husband died she did not know what to do. She tried to hunt up a little cottage that would fit her means, just as you did. Then she saw what hard work it was. She would go to a dealer, just as you did and get a long list of houses and then start and try to get one that would fit. She said that when she was riding along she would see hundreds of houses such as she wanted but none of them seemed to be on the list. Then she thought what a nice thing it would be if one could have some one to hunt a house for one, and out of it grew the business which she has been engaged in ever since. She finally found a house such as suited her and then she went to a real estate agent, one of the biggest in the city, and asked him what he would give her if she would find tenants for his houses. He told her and she went to another. Finally she got rates from all the dealers and also got a list of the houses. Then she began to study the houses, the streets and the city. After awhile she got them all so that she knew them. She knows about every rentable house in the city and how much it will rent for. Then she began to study human nature and, by fitting people to houses and houses to people, she finally got so she could find just the house a person wanted in half a day."

The Religious Age.

There has never been an age when man took such an extraordinary interest in religion. The secular papers devote columns to the consecration of a prelate and the doings of the Salvation army. The president of the United States presides at a meeting in the interest of missions. Services for business men attract enormous congregations daily in the two great commercial cities of the new world.—Rev. W. W. Maelley.

The man with a weight on his leg can't hope to win in the race. A man with a weight on his health can't expect to compete in life and business with those who are not handicapped. If his brain is heavy, and his blood sluggish, because of constipation, he will not succeed in doing anything very well. Constipation is the cause of nine-tenths of all sickness. Symptoms of it are: sallow complexion, poor appetite, bad taste in the mouth, dizziness, biliousness, and lassitude. Constipation can be cured easily and certainly by the use of Dr. Pierce's Pleasant Pellets. They are not at all violent in their action, and yet they are more certain than any medicines which are so strong that they put the system all out of order. The great advantage of the "Pleasant Pellets" is that they cure permanently.

A WOMAN'S STORY.

It Should Be of Interest to Every Thinking Woman.

Women who reason well know that no male physician can understandingly treat the complaint known as "female diseases," for no man ever experienced them.

This, Lydia E. Pinkham taught them twenty years ago, when she discovered in her Vegetable Compound the only successful cure for all those ailments peculiar to the sex. Many women have a fatal faith in their physician, and not till they can suffer no longer, will they think and act for themselves.

The following testimony is straight to the point, and represents the experience of hundreds of thousands of now grateful women: "For six years I was a great sufferer from those internal weaknesses so prevalent among our sex. After having received treatment from four physicians of our city, and finding no relief whatever, I concluded to try Pinkham's Vegetable Compound, and it has proved a boon to me. It can truly be called a 'Saviour of Women.'—MRS. E. A. PERHAM, Waynesboro, Pa.

MANLY VIGOR

ONCE MORE in harmony with the world, 2000 completely cured men are singing happy praises for the greatest, grandest and most successful cure for sexual weakness and lost vigor known to medical science. An account of this wonderful discovery, in book form, with references and proofs, will be sent to suffering men (sealed) free. Full manly vigor permanently restored. Failure impossible. \$3 FANS FOR \$1.

Do not understand that we intend to sell fans at a two dollar loss, for that is not the way we do business,—but a big purchase, in fact two big purchases of the sample lines of two New York importers puts us in a way to announce the greatest Fan sale ever known in town, and the uniform price at which we shall offer up wards of half a thousand Fans, of Gauze, Silk, Satin and Feathers, worth to \$3, is... **\$1.00**

The next best line, which will include the finest Fans in the line—Fans which would be ordinarily sold up to four dollars, and among which are some very fine ostrich feather Fans..... **\$1.50**

A line of the lower grades will be on the 50c counters at special prices, beginning at.....

IN the above lines is a liberal showing of Empire Fans, so much in vogue.

Sale starts Tuesday morning, June 2nd, and should be of particular interest to graduates, as well as to every lady who loves the beautiful.

Persian Parasols==

Made of warp printed silks, in new Persian patterns, white paragon frames, natural wood crook handles, no prettier Parasols in Janesville; extra values at..... **\$1.69**

If you should see these with a three dollar mark on they would look about right, but at \$1.69 they are positive bargains.

Shirt Waist Sets==

Link Cuff Buttons, Collar Button and three studs, pretty designs, the complete set..... **10c**
Compare them with sets you have paid 50c for.

Intemperance.

The great evil of intoxicating drink is now acknowledged by all the organs of public opinion, for it is established beyond legitimate question that it undermines the health, enfeebles the mind, separates the husband and wife and sometimes wrecks entire families.
